

CAN YOU FEEL THE BEAT

Mobile Disc Jockey Service

Why have a DISC JOCKEY for your entertainment needs? Because a DJ can provide your affair with the type of music suited to your individual tastes...songs that you like to hear, and the original versions as well! Disc Jockeys are flexible, as they are supplied with a wide variety of music to create and complement different moods and atmospheres...plus they also provide personality in their performance. Unlike other forms of entertainment, there are no breaks...you are constantly provided with music throughout your event (why pay for "dead air"?). Disc Jockeys get the crowd involved and can adjust quickly to changes...something a radio or prerecorded tapes cannot do. Best of all, Disc Jockey services are usually provided at lower costs than alternative forms of professional entertainment!

Since 1986, **CAN YOU FEEL THE BEAT** has had nothing but satisfied customers. We have extensive experience with all types of formats...we have performed at just about every type of event imaginable, and some you may not believe! CYFTB boasts one of the largest collections of music of any Disc Jockey service, thus even the obscure and unusual requests may be possible...

Why Choose US?

We have seen many other Disc Jockey services (also worked for a couple), and can safely say that our quality, flexibility and skills are among the best available at **any** price. However, our rates are among the most reasonable in the entire Chicagoland area! Combine service that's second to none with affordable costs, and you have us...a Disc Jockey service that can't be beat!

How much is an average performance cost for CYFTB? This varies, because every event differs in time, length, location and format. As with any service you are charged for the amount of *time* that we are actually there; since we generally are flexible enough to recognize "dead time", you usually will incur little additional cost in these situations (a good example would be cocktail/dinner hours at weddings). To give you an example of what we charge, use this as a rule of thumb - - most events will last a minimum of three hours, which we will charge an *average* of \$450.00. Usually every extra half hour after that would *average* about \$55.00...however, keep in mind that these are only averages...depending on the location and format of your event, the prices could very well be lower than stated here. Please contact us for a detailed list of prices and options; we are more than happy to work *with* you so that everything, including the price, is feasible for everyone involved. >>>Standard full-length wedding rates average about \$650.00.<<<

You name it, we got it! CYFTB knows music, and all types. Whether your primary interest is oldies, dance music, modern rock, country, classics or hard rock, we can provide your event with the proper music to please everyone. We encourage people to give us requests and do our best to play as many of them as possible. We will take the time before the event to go over with you any particular musical needs you may have.

What about music?

Though we try to please everyone, it is next to impossible to accomplish this all of the time. Therefore, we aim to please the *majority* of people as much as possible. This may negate some of the more "obscure" or "harsh" requests, unless of course this is what you want to hear. Remember that this is your event, and we aim to please #1...YOU! We will play music suitable for the occasion, and know that everyone will have fun.

What else is provided other than music? We normally bring standard "party" lights, but are able to provide your event with additional special effects, such as extended lighting and fog...for a minimal fee. Contact us for ideas and pricing on some of these effects.

How far will we travel? Just about anywhere you'd like us to go! Just keep in mind that it takes time to travel throughout (or out of) the Chicagoland area; this may be taken into account when quoting you rates for service.

How soon should a date be reserved? It is never too early, in fact the sooner the better! Dates tend to fill up fast, especially throughout the summer and holiday months. After you have hired us, we will send out a contract and a small deposit will be taken to confirm the date. Don't fret...if your event is a "last-minute" decision, we would be happy to provide our service (at no extra charge) if we are available.
